FDP On Heart fullness Myth and Reality

KVGIT hosted an insightful Faculty Development Program (FDP) webinar by Heartfulness titled "Alice in Wonderland," focusing on mindfulness and self-awareness. Drawing from the classic story, the session encouraged educators to embark on a journey of self-discovery, offering practical tools for mental clarity, emotional well-being, and mindful teaching. Heartfulness experts guided participants through meditation techniques, emphasizing balance, focus, and resilience. The event inspired faculty to incorporate mindfulness practices into their routines, enhancing both their personal growth and classroom effectiveness.

Webinar on Organic Farming

An Online Workshop on Organic Farming was conducted to bringing together; farmers, agricultural enthusiasts, and experts to explore sustainable farming practices. The session covered key topics like soil health, natural fertilizers, pest management, and eco-friendly cultivation techniques. Experts shared insights on increasing productivity while maintaining environmental balance, followed by an interactive Q&A session. Participants gained valuable knowledge on transitioning to organic farming. The workshop was highly informative and successful, encouraging sustainable agriculture and inspiring attendees to adopt eco-friendly farming methods.

FDP On Power of Habits

KVGIT recently organized a one-day Faculty Development Program (FDP) on "The Power of Habits," aimed at helping educators understand the impact of habits on personal and professional growth. The sessions covered the science behind habit formation, strategies to cultivate positive habits, and how to overcome negative patterns. Expert speakers shared practical insights and techniques for enhancing productivity, focus, and overall well-being. The program was well-received, with participants gaining valuable tools to foster both personal development and effective teaching practices.

FDP On Change Management

KVGIT organized a Faculty Development Program (FDP) focused on "Change Management," designed to equip educators with the skills to navigate and manage change effectively. The sessions explored strategies for embracing change, overcoming resistance, and leading teams through transitions. Experts provided practical insights into managing organizational change and fostering adaptability in both academic and professional settings. The FDP was highly engaging, empowering faculty with tools to implement change successfully in their teaching environments and beyond.
